Extended Network Disclosure

Thank you for your interest in the CFN extended network. Using a CFN Fleetwide card allows access to retail stations throughout the United States. For a complete list of CFN extended network sites use the Site Locator feature at www.cfnnet.com. There is also a smart phone app available.

Transactions from extended network sites will appear on your Greg's Petroleum Service invoice just like all other fueling activity. These transactions will also be available on our web portal for your review, typically within two business days of the transaction. We strongly advise that you review fueling activity on a regular basis. If you are not familiar with how to access your fuel transactions online, please contact our office for help.

Please be advised that transactions at extended network sites will not be priced the same as traditional CFN sites. In some cases, the price you pay will be slightly higher than the price posted at the extended network retail site. In addition, some card controls such as product or gallon restrictions may not always be enforced at extended network sites. Card holders are responsible for the use of the cards and for any charges, including fraudulent activity.

Please sign and date below acknowledging that you have read and understand the above. Return completed form to info@gregspetro.com. Forms can also be faxed to 661-725-3980 or mailed to PO Box 307, Delano CA 93216.

Allow every CFN card on my account access to CFN extended network sites.

Allow only the following card(s) access to the CFN extended network sites:

Company Name: _____ Account Number: _____

(Leave blank if unknown)

Printed Name: _____ Title: _____

Signature: _____ Date: _____

When ordering new CFN cards please specify that you would like them open to extended network sites.
